Bulletin #1 of 2023. January 5, 2023

DISCONTINUATION OF PRODUCT BULLETIN

KM 77 Helmets P/N 500-090 and 500-091 Discontinued

Products Affected: Kirby Morgan 77 Helmets P/N 500-090 and 500-091

Kirby Morgan Dive Systems Inc. has discontinued production of the KM 77, effective immediately.

This was purely a business decision and was not based on quality, performance, or any “safety” factors whatsoever having to do with the KM 77.

All spare parts and assemblies for the KM 77 will be available for an indefinite period. Manuals, blowaparts, checklists, and the full range of support for the KM 77 helmet will remain.

The Kirby Morgan 77 Helmet is no longer in production; however, continued support remains available.

Please contact your authorized KMDSI dealer or e-mail sales@kirbymorgan.com for more information.
